

Invitation

You are cordially invited to attend the symposium **Magnetic Moments in Central Europe 2011**. It will be held from 16th to 20th March 2011 in Tatranská Lomnica, Slovakia. Tatranská Lomnica is located on the hills of High Tatras right in the Tatra National Park.

The MMCE conference was conceived with the intention to be different from other usual NMR conferences because it aims to blend tutorial and scientific presentations. In that spirit, tutorial and invited lectures should be more didactic even of philosophical nature, rather than being very technical. The aim of these lectures is to offer a kind of distilled wisdom that can potentially be far more attractive and beneficial to the audience than "regular" ones. Such "Lectures of wisdom" are expected to provide some "aha moments" to the audience composed of seasoned NMR scientists as well as newcomers.

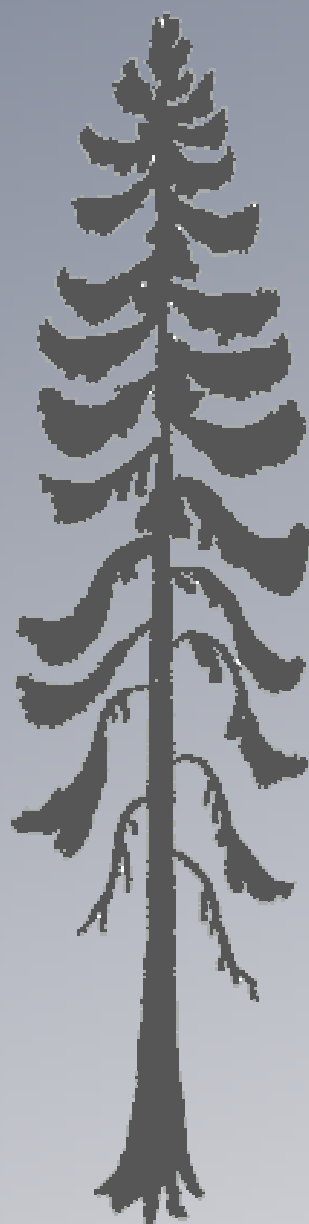

Organization

International Scientific Committee

- Robert Konrat
- Wiktor Kozminski
- Tibor Liptaj (chair)
 - Janez Plavec
 - Jan Schraml
- Csaba Szantay
- Drazen Vikić-Topić
 - John Breslin
- Thomas Zellhofer

Organizing Committee

- Ivan Frolo
- Branislav Horváth
 - Ján Imrich
- Michal Kaliňák
- Tibor Liptaj (chair)
- Mária Matulová
- Dušan Olčák

Topics

▶ Basic aspects

- LARS G. HANSON, Danish Research Centre for Magnetic Resonance
- Stan Sykora, Extra Byte
- Norbert Müller, Johannes Kepler University Linz

▶ Diffusion

- JOSÉ C. MARTINS & DAVY SINNAEVE, Universiteit Gent
- Mathias Nilsson, University of Manchester
- Myriam Malet-Martino, Université Paul Sabatier

▶ Bio NMR

- MIQUEL PONS, Institute for Research in Biomedicine, Barcelona
- Claudio Dalvit, Italian Institute of Technology, Genova
- Nicolas Coudevylle, University of Vienna

▶ Small molecules, small quantities

- BERND SCHNEIDER, Max-Planck-Inst. for Chemical Ecology, Jena
- Predrag Novak, University of Zagreb
- Jean-Luc Wolfender, Université de Genève

▶ Relaxation

- JOZEF KOWALEWSKI, Stockholm University
- Katalin Kover, University of Debrecen
- Danuta Kruk, University of Bayreuth

▶ In vivo NMR

- IVAN TKÁČ, University of Minnesota
- Vladimír Mlynárik, Ecole Polytechnique Fédérale de Lausanne
- Martin Krššák, Medical University Vienna
- Anne-Marie Delort, Université Blaise Pascal, Clermont - Ferrand

▶ Novel methods

- MARKUS ZWECKSTETTER, Max Planck Institute for Biophysical Chemistry, Göttingen
- Eriks Kupce, Varian
- Vladislav Orekhov, Gothenburg University
